PERSONAL PROJECTS

Forkcast(JavaScript, React, Claude API)
February 2025 – March 2025

- Built a smart recipe generator that uses Claude API to create personalized meals based on available ingredients, ingredient exceptions, and preferences like vegan, vegetarian, gluten-free, or dairy-free.
- Implemented features to save and view favorite recipes, allowing users to quickly access their preferred meals for future use.

GridWatch(React, Next.js, MongoDB, REST API's)
May 2025 – Present

- Designing a full-stack web application that allows Formula 1 fans to view personalized dashboards with live schedules, standings, and race results.
- Integrating prediction features allowing users to submit race outcome guesses, earn points based on accuracy.

EDUCATION

Bachelor of Computing, Honours Computer Science Co-op
September 2023 – Ausgust 2028

University of Guelph
Guelph, ON

- Cumulative GPA: 81% (3.7/4.0)
- Pursuing a Minor in Mathematics
- Pursuing an Area of Emphasis in Data Science

EXPERIENCE

Student Intern – Production Operations
Summer 2024, May 2025 – Present

Dawn Foods
Burlington, ON

- Maintained rigorous operational standards and quality control measures, demonstrating consistency and sharp attention to detail under pressure.
- Improved data tracking efficiency by logging production metrics and generating insightful reports for management, enabling more informed decision-making and optimizing production workflows.

Door and On-Call Staff
August 2024 – April 2025

University of Guelph
Guelph, ON

- Ensured compliance with residence policies by verifying IDs and monitoring access, maintaining a safe and controlled student environment.
- Led incident response and safety reporting during tense situations, exercising sound judgment to de-escalate conflicts and uphold residence security.

Office Assistant
January 2024 – April 2024

Bioproducts Discovery and Development Centre, University of Guelph
Guelph, ON

- Revamped website content by consistently updating news, articles, and company innovations, improving user engagement and ensuring timely, accurate information aligned with brand messaging.
- Streamlined database tracking of new articles, events, and updates, enhancing data organization and enabling faster content retrieval for the team, contributing to a 15% increase in website traffic.

EXTRA CURRICULAR ACTIVITIES

Mathematics Tutor: Tutored first-year students in math, enhancing understanding and academic performance.
Events Associate(Guelph F1 Club): Planned and supported Guelph GP events, enhancing club engagement through Formula 1 watch parties and activities.
